

Questions:

- Did you know studies have shown that firefighters have a higher rate of cancer than the public?
- Did you know there are controls for the hazards that may increase those risks of cancer within firefighters?
- Did you know each firefighter in Georgia has Cancer insurance? Did you know that this insurance provides financial benefits for certain types of cancer regardless of cause?
- Did you know if you build awareness of the hazards and controls of firefighter cancer within your department, you could win a reimbursement up to \$5,000 toward the purchase of a washer extractor or any other firefighter cancer risk reduction item for your department? Learn more below.

Program & Sponsors:

LGRMS, working in conjunction with ACCG and GMA, wants to encourage the awareness of the hazards and controls surrounding firefighter cancer across the State of Georgia. Thus, we will award two fire departments (1 County, 1 City) up to \$5,000 in reimbursement, toward the purchase of equipment that will assist in the reduction of firefighter cancer risks (e.g. washer extractor, ventilation equipment, decontamination, etc.).

Eligibility Requirements:

1. The fire department must be an active member of either GMA's or ACCG's Firefighters' Cancer Benefit Program.
2. Must complete the application on the next page.
3. Must have 80% of their firefighters (based on insured FD's population) complete the GPSTC Online Training Course: Taking Action Against Cancer in the Fire Service

Award and Reimbursement Process:

1. On November 10, 2025, LGRMS will review all applications and identify those that meet all eligibility requirements.
2. All eligible departments will be separated into two categories: 1. ACCG Members and 2. GMA Members.
3. A department from each association will be randomly selected as the winner of the reimbursement up to \$5,000.
4. We will notify the winners by November 17, 2025. The winners will have until January 15, 2026, to provide LGRMS with documentation of their purchase of equipment that will assist in the reduction of firefighter cancer risks (e.g. washer extractor, ventilation equipment, etc.).
5. LGRMS will provide a reimbursement up to \$5,000 to each winner for the equipment purchased.
